Stars of the Week

Last week our 'Stars of the Week' were

Brianna and Emilia C

Well done, Brianna! You are remembering lots of your letter sounds.

Well done Emilia! You remembered some of the things that happened to Jesus in Holy Week.

Welcome back and Happy Easter
to all of our lovely
children and their families!

Story of the week

Ahoy there everyone! This week we are reading a swashbuckling pirate's story!

Home learning

Counting pirate treasure!

We will have fun exploring different numbers by digging for pirate's treasure. Take a number of golden coins, eg. 10 and show your child that you can separate the 10 golden coins in different ways eg. 5 and 5, 9 and 1 but the number of coins will always be 10. Are there any other ways 10 can be separated?

Exploring the outdoor area to observe signs of Spring and new life.

Go for a walk in the park and look for signs that show the change of season. What signs of new life can your child see? Look for daffodils and other spring flowers, blossoms on the trees etc. Perhaps you can take photos and send them in. Your child could draw a picture for their special books!

Practising writing names

Keep encouraging your child to explore writing the letters in their names. Start with a capital letters and continue with small (lower case) letters, eg. Matthew

Religious Education

The children will be learning about the joy of Easter and that Jesus is risen and alive! In your prayer times together, talk about the times that your child has felt joy and encourage them to thank God for the wonderful things they have experienced at Easter.

Song of the week

Clap your hands together, let's dance and sing
(x3)

We're so happy because it's spring.
Jesus, Jesus, Jesus is alive (x3)
Halleluia, Halleluia
(to the tune of Peter Rabbit)

Key Vocabulary

angel

coin

cave

pirate

sun

ship
