30th April 2018

Learning in Nursery

This week we are continuing our focus on healthy eating. We are also going to learn about how to take care of our environment.

Reading

Our book for this week is Oliver's Fruit Salad. We are going to talk about our favourite fruit. We will discuss how the fruit tastes and why we like that particular fruit.

Literacy

In Literacy we are learning how to handle books with care. We are also learning how to hold books the correct way and turn the pages.

Phonics

We have learnt the sounds **s** and **t**. Please support the children to learn how to write these two sounds at home.

Maths

We can see shapes all around us. This week we are learning the names of some 2D shapes. Please talk about the different shapes you see on your way to and from school.

Religious Education

In RE we are learning about what happened after the resurrection. The children are continuing to learn about what Jesus did after the resurrection .

Story of the week

Parents meetings

We are continuing to meet our parents to share all the wonderful and exciting things we learn in Nursery. We encourage parents to talk to the team all the time not only during our formal meetings.
