Summer Term
23rd April 2018

Learning in Nursery

Our topic for Summer 1 is Growing. This week we are learning about how eating healthy helps us to grow.

Reading

Our book for this week is Oliver's Vegetables. We are going to learn about eating different types of vegetables. Please talk to the children about how important it is to eat vegetables.

Literacy

In Literacy we are learning how to listen to stories with increasing attention and recall. Encourage the children to listen to stories and retell the stories.

Phonics

We have learnt the sounds **m** and **a**. Support the children to learn how to form these two sounds at home.

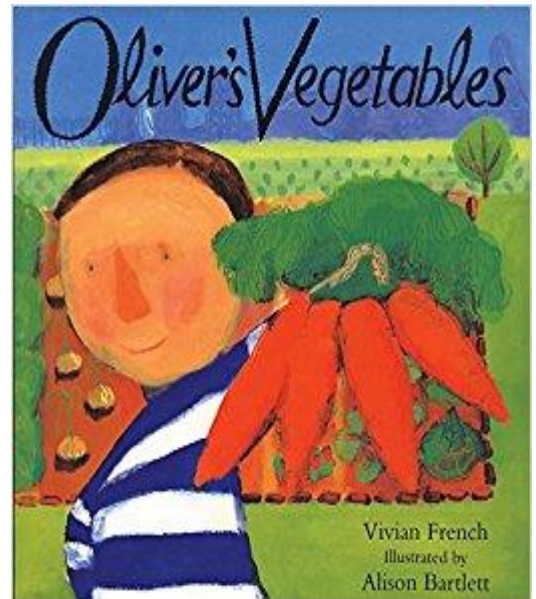

Maths

Please encourage the children to write numbers in order and bring their work to school so we can celebrate their effort and hard work.

Religious Education

In RE we are learning about what happened after the resurrection. The children are going to learn about how Jesus appeared to some people after the resurrection.

Story of the week

Parents meetings

We are continuing to meet our parents to share all the wonderful and exciting things we learn in Nursery. We encourage parents to talk to the team all the time not only during our formal meetings.
