

Barnet Clinical Commissioning Group, Health Providers and Barnet Parent Carer Forum

FREE Health Conference – ‘Exploring your local health services’

Meet your health professionals and let's start talking together about what is important for local children and young people with SEND and their families

Date: February 1st 2018 Time: 10am – 2pm

Refreshments from 9.45 – this event will start promptly

Venue: The Greek Cypriot Centre, North Finchley

Overview

This conference aims to provide Barnet parent carers with:

- A better understanding of the local health system, including recent changes and the available pathways to care and support
- An opportunity to identify the key professional leads, what services offer and how to access them
- A platform for parent carers to share their views on what is working well in local health services for their children and families and what requires improvement
- An opportunity for the Barnet Parent Carer Forum to participate in a productive dialogue with health professionals to help improve the future of health services in the Special Educational Needs and Disability (SEND) Community.

Booking Information

The training is free, however pre-booking of places is essential due to a limited number of places being available. To book your place at this event please sign up via Eventbrite by following this link and you will receive a confirmation email:
